	MHSIP Survey benchmarks to be calculated. Tammy			
	Conlin proposed that June 30 th at the end of the state fiscal			
	year would be more appropriate than the current arbitrary			
	date of April 30 th . Anne Campbell, Kelly O'Bryant, and			
	others agreed. Robyn Garrett asked if CSBs could have			
	their survey reports at other points in the year, if they were			
	needed to satisfy accreditation requirements. Glyn Thomas			
	confirmed that he would be glad to provide a CSB with a			
	report of their MHSIP data whenever they requested it – it			
	was only the calculation of benchmarks that required a set

	which DBHDD representatives had responded to GACSB's questions. Robyn stated that she would be seeking further collaboration with DBHDD in planning CCBHC implementation in Georgia, and would like to include all CSBs in sharing the information, not just SAMHSA or State Grantees. She also noted that incorporating CCBHC implementation into an overall plan for a public Behavioral Health Safety Net for Georgia was a major goal of GACSB Strategic Planning for FY24 and beyond. Strategic planning discussions were ongoing, and she planned to schedule a further in-person meeting of CEOs and Board members with our current strategic planning facilitator (Kristin Woodlock). Finally, she reported that DBHDD would be using ARPA funds to pay / reimburse CSBs for NADD accreditation/certification fees required for meeting Georgia CCBHC criteria for services to clients with dual IDD and MH and / or SUD diagnoses.	for CCBHC information sharing and collaboration between GACSB and DBHDD. Schedule a follow-up in-person FY 24 strategic planning meeting of CEOs, board members and Kristin Woodlock.

Group	Group / Work Session was scheduled for Tuesday September 5 th , 2023. He had invited Randy love to attend to address how best to filter out OP services delivered in crisis centers and BHCCs. Other topics to address would be SPQM Metadata tables and the schedule of file uploads and processing once the costing function was deployed. With the current focus on the costing work, he did not expect that Randy Love would have had time to develop a report of the percentage of newly enrolled clients who received 3 or more services in their first month. (It appears that CMS will use this metric to assess providers' success in engaging clients in treatment).	Data Analytics Committee		19 th , 2023
