| Agenda Items       | Discussion   | Action/Resolution | Responsibility | Due Date |
|--------------------|--|-------------------|----------------|----------|
| Welcome/Call To    | Chair, Dr. Mark Johnson called the meeting to order  |                   |                |          |
| Order              | at 2:05PM.   |                   |                |          |
| Approval of Agenda | A quorum was not met and therefore the agenda was<br>not approved. The meeting moved forward as<br>informational only. |                   |                |          |
| Approval of        | A quorum was not met and therefore the minutes   |                   |                |          |
| Minutes            | were not approved.   |                   |                |          |
| Operational        | None.  |                   |                |          |
| Challenges Report  |  |                   |                |          |
| Out                |  |                   |                |          |
| State-Wide Policy  | CCBHC Status Report from Grantees- During  |                   |                |          |
| Initiatives        | the meeting, updates were shared regarding the   |                   |                |          |
|                    | progress of CCBHC grantees. Lisa Montford, CSB of  |                   |                |          |
|                    | Middle GA, reported on the development of policies.  |                   |                |          |
|                    | CCBHC Discussion with DBHDD Update   |                   |                |          |
|                    | • State vs. National Model- Discussions  |                   |                |          |
|                    | were held about the State vs. National Model   |                   |                |          |
|                    | and the need for streamlined   |                   |                |          |
|                    | communication with all CSBs. The group   |                   |                |          |
|                    | discussed the implementation of early  |                   |                |          |

intervention services to meet CCBHC requirements and prevent future difficulties.

- "Treat First" Model- Dr. Glyn Thomas discussed the implementation of a treat-first model in which current practice is initial triage and certain communication and consent requirements need to be completed before initiating treatment sessions. In the discussion, Robyn Garrett proposed creating a subcommittee to develop a clinically appropriate care pathway that focuses on providing immediate treatment and avoids unnecessary paperwork and standards. Dr. Glyn Thomas will help facilitate. The following members volunteered for the "Treat First" Model subcommittee:
  - Makini Corlette
  - Chervl Lewis
  - Lori Holbrook
  - Miranda Nunez
- Monthly CCBHC Meetings w/DBHDD-Robyn Garrett reported that DBHDD will be joining a Weekly CEO Touchpoint meeting every month for dialogue and CEOs can invite anybody from their CSB to join.

## DCH Medicaid Managed Care Re-

**Procurement-** Robyn Garrett reported they are still waiting for the RFP to be released. Opioid Settlement Update- Robyn Garrett requested the approval for the creation of a small subcommittee of 3-4 people to focus on the opioid settlement and the purposes of the funds. The following individuals volunteered for the Opioid Settlement Subcommittee:

Viva Steed .

- Jennifer Hibbard
- Lisa Montford •

Joint Work with DBHDD-

• BHCC- Robyn Garrett reported continued conversation with DBHDD about

- Email the CARF requirements • grid for Treat First Model out to committee members
- Coordinate first meeting of the • Treat First Model Subcommittee
- Coordinate first meeting of the **Opioid Settlement** Subcommittee

|                           | BHCC/CSU staffing standards requirements               |
|---------------------------|--|
|                           | and BHCC building standards issues.                    |
|                           | Workforce- Robyn reported that DBHDD                   |
|                           | continues to focus on workforce challenges.            |
|                           | Robyn reported there's \$15 million proposed           |
|                           | in the DBHDD budget for BHCC workforce,                |
|                           | because Commissioner Tanner really needs               |
|                           | the beds back online across all crisis units.          |
|                           | Training Requirements- Robyn Garrett                   |
|                           | reported that Dr. Mark Johnson proposed                |
|                           | some considerations to a DBHDD work                    |
|                           | group and explained the challenges and                 |
|                           | barriers of CSB's based on the current                 |
|                           | standards. No movement on the system and               |
|                           | policies as of yet though.                             |
|                           | Other- None.   |
| FY24 Strategic Plan       | CCBHC-Robyn Garrett reported the need to try and       |
| _                         | engage DBHDD to streamline some communication          |
|                           | with all CSB's, not just the phase one group who are   |
|                           | getting ready to be certified by the department or the |
|                           | SAMHSA grantees, but the entire network. DBHDD         |
|                           | has already agreed to join the Weekly CEO              |
|                           | Touchpoint meeting once a month.                       |
| Medical Direct            | Dr. Carmen Martinez reported the group has been        |
| <b>Focus Group Report</b> | discussing the following topics:                       |
|                           | Progress in the GA Composite Medical                   |
|                           | Board approving nurse protocols and                    |
|                           | terminations for nurse practitioners.                  |
|                           | Concerns with the medical clearance policy             |
|                           | for our CSU's and law enforcement not being            |
|                           | required to transport individuals to a                 |
|                           | hospital or the nearest medical facility.              |
|                           | The DBHDD requirement to update                        |
|                           | diagnoses once a year.                                 |
|                           | Extensive amounts of provider training.                |
|                           | • The importance of having a system in place           |
|                           | for handling violent and aggressive patients           |
|                           | in CSUs.   |
|                           |  |
